

SURYA KALYAN B

suryakalyan54@gmail.com ♦ 9566730611 ♦ [GitHub](#) ♦ [LinkedIn](#) ♦ [Portfolio](#)

Bengaluru, Karnataka, India, 560100

PROFILE SUMMARY

- Aspiring AI Developer with hands-on experience in building intelligent systems, chatbots, and automation tools. Skilled in Python, Generative AI, and Machine Learning with a passion for creating practical, real-world AI solutions.

EXPERIENCE

Titan Company Limited

Bengaluru, Karnataka

AI Developer Intern

May 2025 - June 2025

- Developed intelligent AI solutions and chatbots using Microsoft Copilot Studio for enterprise applications
- Worked on Titan Career Mate project to assist employees in exploring organizational ecosystem and career development
- Implemented personalized career guidance systems and skill recommendation algorithms
- Developed Alpha Django, a tool that automates the creation of complete Django projects orchestrating Google Gemini 2.5 models(flash and pro).
- Gained hands-on experience in low-code/no-code AI development platforms and enterprise chatbot deployment.

Titan Company Limited

Bengaluru, Karnataka

AI and data visualization Intern

November 2025 - February 2026

- Developed image upscaling model with machine learning.
- Worked on n8n rag chatbot for customer review sentimental analysis.
- developed a model for excel file automation to pre-process it using machine learning.
- worked on data visualization with Microsoft PowerBI to visualize the company's data.

PROJECTS

NeuroNote [GitHub](#)

Individual Project

Intelligent Meeting Transcription & Analysis Platform

2024

- Built Flask-based application integrating OpenAI Whisper for accurate speech-to-text transcription
- Implemented Google Gemini API for automated extraction of meeting summaries, action items, and sentiment analysis
- Designed structured insight generation system identifying decisions, participant estimates, and follow-up topics
- Created comprehensive meeting intelligence tool for enhanced productivity and documentation

EvalAI [GitHub](#)

Individual Project

NLP-Powered Automated Evaluation System

2024

- Developed intelligent assessment platform using Sentence Transformers for semantic similarity analysis
- Implemented multi-format support (JSON, Word, text) with real-time answer evaluation capabilities
- Built automated grading system analyzing keyword coverage, clarity metrics, and answer quality
- Designed modern web interface with automated PDF report generation and comprehensive performance analytics

Titan Career Mate

Individual Project

AI-Powered Career Guidance Chatbot

2024

- Developed intelligent chatbot using Microsoft Copilot Studio for Titan's organizational ecosystem
- Implemented personalized career development guidance and skill recommendation features
- Designed internal navigation support system to enhance employee engagement
- Created comprehensive career planning solution for enterprise-level deployment

Alpha Django [GitHub](#)

Team Project

Django AI

2025

- Built Django AI with advanced backend functionality and user management system
- Implemented learning agents architecture for intelligent system behaviors
- Collaborated with team members to develop scalable web solutions

Data Sage [GitHub](#)

Team Project

Interactive AutoML Platform

2024

- Built end-to-end AutoML tool enabling automated dataset preprocessing and model evaluation
- Implemented multiple ML algorithms
- Designed user-friendly interface for dataset upload with automated scaling, encoding, and missing value handling

SKILLS

- **Programming Languages:** Python, JavaScript, HTML, CSS
- **Databases:** MongoDB, MySQL
- **AI & Machine Learning:** Deep Learning, Neural Networks, Natural Language Processing (NLP), Large Language Models (LLM), Statistical Analysis, Predictive Modeling, Computer Vision
- **Frameworks & Libraries:** TensorFlow, Flask, Pandas, NumPy, Matplotlib, Sentence Transformers, Faster Whisper
- **Generative AI & LLM Tools:** OpenAI GPT, Google Gemini, Groq API, Microsoft Copilot Studio, Prompt Engineering
- **Automation & Low-Code:** n8n, Microsoft Copilot Studio
- **Data & Visualization:** Microsoft Power BI, AutoML, Data Visualization
- **Developer Tools:** Git, GitHub, Docker, VS Code

CERTIFICATIONS

- AI Tools Certification - BE10x (2025) - [View Certificate](#)
- Microsoft Power BI Certification - Certify TN (2025) - [View Certificate](#)
- MongoDB Basics for Students - MongoDB (2025) - [View Certificate](#)
- Python Programming Fundamentals - Infosys Springboard (2024) - [View Certificate](#)
- Introduction to Data Science - Infosys Springboard (2026) - [View Certificate](#)
- Introduction to Natural Language Processing - [View Certificate](#)
- Introduction to Artificial Intelligence - Infosys Springboard (2026) - [View Certificate](#)
- Introduction to Deep Learning - Infosys Springboard (2026) - [View Certificate](#)
- Computer Vision 101 - Infosys Springboard (2026) - [View Certificate](#)
- Introduction to Robotic Process Automation - Infosys Springboard (2026) - [View Certificate](#)
- Introduction to OpenAI GPT Models - Infosys Springboard (2026) - [View Certificate](#)
- OpenAI Generative Pre-trained Transformer 3 (GPT-3) for Developers - Infosys Springboard (2026) - [View Certificate](#)

EDUCATION

S.L.B Govt. Hr. secondary School Completed 12th	Nagercoil, Tamil Nadu
Subbalakshmi Lakshmipathy College of Science B.Sc. Computer Science - Data Science & Analytics	Madurai, Tamil Nadu 2023 - 2026
